COURSE SYLLABUS

WordPress Custom Themes

This intensive course will teach you how to do a custom install of WordPress, modify existing themes, develop your own custom themes and install plugins. This course is designed for people who are already familiar with HTML and CSS. Knowledge of PHP is a plus but is not required to take this class.

> Group classes (NYC) and onsite training are available for this course. For more information, email corporate@nobledesktop.com or visit: https://training-nyc.com/courses/wordpress-org-build-custom-themes
