WordPress for Coders

If you already know how to code webpages as well as how to use the visual content management side of WordPress, and are looking to take more control over WordPress through the coding that works behind the scenes (coding WordPress themes and more), this is the class for you.

> Group classes in NYC and onsite training is available for this course. For more information, email corporate@nobledesktop.com or visit: https://training-nyc.com/courses/wordpress-for-coders
