

# Real Estate Financial Modeling

In this course, you will learn the advanced Excel and real estate fundamentals used to create real estate models. You will create a real estate acquisition model using assumptions for the purchase price, financing, operating performance, and exit cap rate.

Group classes in NYC and onsite training is available for this course. For more information, email [contact@nyimtraining.com](mailto:contact@nyimtraining.com) or visit: <https://mimi.training-nyc.com/courses/real-estate-financial-modeling>
